ickStream

ickStream

The screenshot shows the Logitech Media Server web interface. At the top, there is a navigation bar with tabs: Basic Settings, Player, My Music, mysqueezebox.com, Interface, Plugins, Advanced, and Information. Below this, a dropdown menu is set to 'ickStream'. The main content area displays a message: 'Changes have been saved.' Below this, several settings are listed:

- Sort albums for artist:
- Background daemon port:
- SSL peer verification:
- Proxied streaming for hires services:
- ickStream Music Platform Service:

Below the ickStream Music Platform Service setting, there is a note: 'If you have just logged in successfully, click "Refresh" button to'. At the bottom, there are links for 'Terms of use' (Logitech Media Server, SqueezeLite) and 'Privacy Policy'.

This screenshot shows the same Logitech Media Server interface as above, but after a successful login. The 'ickStream Music Platform Service' setting now displays: . Below this, there is a link: 'Add or remove services from your ickStream Music Platform account'. Other settings remain the same as in the previous screenshot.
